The Big Book of 4-H Cloverbud Activities, Biscuits page 74

Welcome to the Kentucky 4H virtual experience. Today we are focusing on 4H cloverbud activities. My name is Jennifer Tackett and I am an extension specialist for 4H youth development

Today we're going to be making biscuits..

Heat your oven to 450 degrees. You will need 2 1/2 cups premixed pancake mix or you can use your favorite biscuit recipe or commercial mix and 2/3 Cup of milk. Mix your ingredients until soft dough forms. Dust your surface with baking mix. Place dough on surface and Knead 10 times. Roll the dough half inch thick. Next cut with a 2 1/2 inch cutter or glass. Place on ungreased cookie sheet. Bake 8 to 10 minutes or until golden brown. Finally, enjoy!

Thank you for joining me today for the Kentucky 4H virtual experience focused on 4H cloverbuds. For more information regarding cloverbud projects check out our local University of Kentucky Cooperative Extension service
