# Instructions for participating

Our towns and communities are special to us. They hold special meaning and memories for our 4-H Families. That is why we wanted to offer your family the chance to explore your community over the winter break.

Each item below asks you to find something in your community. Be creative in your documentation. You may want to take a picture showing you were there, take a picture of a menu, or interview an employee and share what you find out! Do as many of the tasks as possible. \*We also have an at-home category for families not traveling out of the home.

The important thing is to do this as a Family! When you are done, submit your scavenger hunt findings together as one document to Dr. Chuck Stamper by the due date. Make sure to label which category and item you are showing us!

We also want to make sure you remain safe and healthy during the break, so please follow all recommended CDC and Kentucky social distancing guidelines!

Check on the next page for items!
