

# Open your home to the world – host an Academic Year student with States’ 4-H International Program & the University of Kentucky Cooperative Extension Service!

## Students from Japan—Arriving in August!

### What makes States’ 4-H International different?

When you host with us, you partner with one of the largest youth-serving organizations in America. **4-H is built on a model of positive youth development.**

We see hosting as an **educational opportunity** not just for the exchange student, but also **for the host family**, host school, and entire host community. S4-H programs focus on life skill development, including **communication, tolerance, respect for others, and engaged citizenship.**

Our vast and **multi-layered support network** means there is always someone available to help if you have a question, problem, or just need advice on how to handle any situation!
