

DAY	TIME SLOT	TRACK	PRESENTER	WORKSHOP NAME	WORKSHOP DESCRIPTION
Thursday	1:30- 4:30 p.m.	A Special Session-Thursday Workshops	Harriett Edwards	Connecting with Colors: Understanding Personality Preferences and Why They Matter	Have you ever wondered why that person you love spending time with makes others completely crazy? Having trouble understanding why people do things the way they do? This session won't answer those questions completely, but it will be an opportunity to learn more about yourself and others in the context of personality preferences. We'll use the Real Colors(c) personality assessment to dive deeper into personal behaviors and to learn about how others perceive us. Come have fun with us!
Thursday	1:00-4:45 p.m.	A Special Session-Thursday Workshops	Kimberly A L Schrader	From Project to Blue Ribbons at the State Fair	Creating project work in clubs at the county level is no easy fete. Learn how to take the 4-H curriculum and learn objects to teach quality 4-H projects. Project work will assist in the hands-on learning of concepts taught in the curriculum. Then, take those projects to the county fair and state fair. Lastly, learn how to use rubrics for each project, what is the Danish System of judging and much more!
Thursday	1:30-4:30 p.m.	A Special Session-Thursday Workshops	Ryan Farley	Leaning into your Strengths with the CliftonStrengths Assessment	This workshop is all about finding your strengths and figuring out how you can use them to find success! Workshop participants will be sent a code to complete the CliftonStrengths Assessment (required prior to workshop) and spend the four hours diving into their results. We'll look at how our strengths work together, how to use them to drive accomplishment and how groups that know their strengths work together! Join us for this fun, interactive time together!
Thursday	1:30-4:30 p.m.	A Special Session-Thursday Workshops	Torey Earle	4-H Electric Project... It's SHOCKING how much you can learn!	In this workshop, participants will have the opportunity to participate in hands-on learning in the 4-H Electricity Project utilizing the National 4-H Electric Excitement curriculum. The curriculum will serve as a concept guide for developing exhibits for both County and State Fair. Emphasis will be placed on curriculum projects being the basis of Fair exhibits, not the actual exhibit itself. Learning and application of the concepts will be what we will be working toward.
Thursday	1:00-4:45 p.m.	A Special Session-Thursday Workshops	Kentucky 4-H Extension Specialists: Mike Meyer, Dr. Kim Schrader, Dr. Isaac Hilpp, Dr. Chuck Stamper	Accreditation CORE Workshops- Required for 1st time Accreditation Volunteers (These workshops will be available on Friday as well)	Are you interested in obtaining Master Volunteer Accreditation? If so, plan to join us for a special session on Thursday to knock out the 4 CORE requirements for 1st time master accreditation volunteers. Workshops will include: Introduction to 4-H, Planning and Managing 4-H Clubs and Meetings and Managing Risks involving parents and volunteers, Ages and Stages of Youth Development, Understanding Effective Teaching Methods and Learning Styles in Kentucky 4-H Clubs, Programs, and Activities. (These 4 CORE workshops will be available on Friday as well).
Friday	9:30	Agriculture	Kristie Popa	4-H What's In My Cart	Discover the fascinating world of agriculture in our interactive 4-H workshop! Through literature and hands-on activities, students will explore diverse agricultural commodities and trace the journey from farm to plate. Engaging in a Supermarket Scavenger Hunt, they'll seek specific products related to their learning. Meet industry experts and learn about their role in agriculture. Real-life math activities will be integrated to reinforce knowledge.
Friday	10:30	Agriculture	Tina Hogue, Charlotte Arnett	Building Tomorrow's Farmers One Table at a Time	Monroe County Tabletop Farmers 4-H Club grows each month. Youth with an interest in farm tops and landscapes meet to work together, as well as individually to develop their farms. Youth have gained knowledge of farming practices as well as developing communication and leadership skills. Even the youngest "farmers" can excel through his or her love of a farm he or she has created. The possibilities for the farms are limitless with the creativity and imagination of our youth.
Friday	1:15	Agriculture	April Wilhoit	Developing Education & Leaders Through Farmers Market	Ideas for building Farmers Market leaders through effective educational programming and marketing.
Friday	2:15	Agriculture	Lindie Huffman, Lilyana Miller	Sprouts Kids Club: Healthy Eating through Ag Awareness	The Sprouts Kids Club offers dynamic programming targeting youth at local farmers' markets. Learn about the Sprouts Kids Club, explore the possibilities of expanded community partnerships and cross-programmatic extension programming, and engage in program ideas to take back to your local community.
Friday	3:30	Agriculture	Lori Clark, Venessa Sturgill	Maple Syrup the Secret Flavor of 4-H	Participants will learn what maple syrup is and where it comes from, the history of maple syrup and how to identify Maple Trees. In addition, participants will learn the process of making maple syrup and see how this can be a 4-H club and family activity.
Friday	4:30	Agriculture	Edwin Ritchey, Bob Pearce	Winning the Kentucky Land Judging and Home Site Evaluation Competition - An Inside Look	We will go through an exercise and use the workbook to show how the score card should be completed. There will be other materials provided that were developed to support the contest and volunteers competing in the contests.
Saturday	8:15	Camp	Joey Barnard	What is a Cabin Chat?	Cabin Chat is a time at the end of each day for our campers to come together and reflect on their day or week and connect with their cabin mates. It's a powerful way to debrief the day and allow campers to have a moment to speak from their experience and listen to the perspectives of other individuals.  Cabin chats can help campers "gear down" and get ready for bed, assist in the processing of the day's activities, and produce a positive rapport in the cabin group.

Saturday	9:15	Camp	Scott Darst, Casey Faulkner, Nick Lunsford	Not Your Grandma's Old Camp Classes	We want this class to be a relaxed atmosphere so agents and volunteers can share what unique classes they offer at their camp sessions. We will also go over some of the unique camp classes Madison County offers to their campers. We will have some hand outs and even some pretty rad hands on examples.
Saturday	10:15	Camp	Andy Lewis	Naturally Fun: Being an Environmental Education Volunteer	It's more than just summer camp! There are many opportunities to utilize camp, especially for Environmental and Natural Resource programming! Come learn about our Environmental Education Camps (and how you can get involved), how camp can support outdoors/natural resource club work, and how you can incorporate outdoor experiences into pretty much any club you have!
Saturday	1:45	Camp	Holly Laytart	CSI: Clover Investigation	Participants will engage in hands on activities that correlate with real life investigation techniques. Learn Chromatography, handwriting analysis and fingerprinting.
Saturday	2:45	Camp	Cathy Weaver, Adam Teater, Danny Eades	Camp Deans: The source of lots of Camp Magic	We all hear about "Camp Magic" but who is really behind it all?? One of those team members is our Camp Deans! Camp Deans of Men and Women can be the source of camp magic, working behind the scenes to ensure a smooth week of summer camp. Come learn some tips and tricks to help your agents out, to provide a magical experience for your 4-H campers, and have a little fun yourself!
Saturday	8:15	Cloverbuds	Kristie Popa	4-H Crafty Clovers: STEAM to Go!	This workshop, led by 4-H educators, equips 4-H Staff and Volunteers with six ready-made lesson plans, worksheets, material lists, and parent newspapers. The STEAM to Go! 4-H Crafty Covers Kits offer a fun and educational way to explore science, math, and art, catering to various learning styles. These lessons are perfect for 4-H Cloverbud youth and cover the following topics: bats, pumpkins, snowflakes, groundhogs, flowers, and butterflies!
Saturday	9:15	Cloverbuds	Kristin Whitehead and Sadie Perkins	Cloverbuds - 4-H Explorers	Join this workshop to learn from teen leaders how they successfully implement a 4-H Cloverbud Club in their county! Participants will develop their own potential program outline, think through logistics that increase success of Cloverbud club meetings, and learn how to utilize teens effectively with this club.
Saturday	10:15	Cloverbuds	Leah Haxton	Cloverbuds Are People Too! Part 1 of 2	Cloverbuds are people too! Come and learn what Cloverbuds can do. In this workshop we will cook using a 3-ingredient recipe, learn basic sewing techniques y sewing the 4-H clover, go away with a photography tips book, learn the 4-H motto and start your Cloverbud 4-H Record Book. Parat 1 of 2.
Saturday	1:45	Cloverbuds	Leah Haxton	Cloverbuds Are People Too! Part 2 of 2	Cloverbuds are people too! Come and learn what Cloverbuds can do. In this workshop we will cook using a 3-ingredient recipe, learn basic sewing techniques y sewing the 4-H clover, go away with a photography tips book, learn the 4-H motto and start your Cloverbud 4-H Record Book. Parat 1 of 2.
Saturday	2:45	Cloverbuds	Macy Fawns	The buzz about Honeybees	We will cover topics about honeybees and techniques on how to keep the attention of kids during this topic.
Friday	9:30	Club Management	Rachel Guidugli	Kentucky 4-H Volunteer Annual Update	This update will include trends in positive youth development, major changes within the program, updates to processes, promotion of opportunities, etc. This will be produced and available for dissemination in a variety of mediums, the county 4-H program will be able to utilize this resource.
Friday	10:30	Club Management	Patrick Allen	Ideas for running a Club meeting	Helping volunteers become more comfortable with running a club meeting. Learning the basics and the best way to teach the sometimes-overwhelming subject of parliamentary procedure.
Friday	1:15	Club Management	Mike Meyer	Introduction to 4-H (Everything You Wanted to Know but were Afraid to Ask!)	This workshop is targeted toward volunteers in the Master Volunteer Accreditation track, as well as all Kentucky -4-H volunteers. The workshop gives a "birds' eye view" of the Kentucky 4-H Programs, answers the question "What is 4-H?", and provides an overview of the Kentucky 4-H Program, exploring the Kentucky 4-H Program Quality Guide, Roles & Responsibilities, and the Target Graphic.
Friday	2:15	Club Management	Chuck Stamper	Ages and Stages of Youth Development	This workshop targets the Master Volunteer Accreditation track and volunteers of all levels. This workshop focuses on sharing the goals and principles of Positive Youth Development, four-fold Youth Development, Essential Elements of Positive Youth Development, incorporating age-appropriate learning activities into 4-H club program, introduces the 4-H Thriving Model, combining these into effective group activities. This workshop will assist club leaders in taking their meetings to the next level.
Friday	3:30	Club Management	Isaac Hilpp	Understanding Effective Teaching Methods & Learning Styles in Kentucky 4-H Clubs, Programs & Activities	This workshop is targets volunteers in the Master Volunteer Accreditation track, and volunteers and Extension professionals that need or want to more effectively reach 4-H members by understanding and improving their teaching methods and different learning styles. Topics covered include effective teaching and learning, developing lesson plans for 4-H meetings, understanding multiple intelligences, and creating evaluations that assess the effectiveness of teaching and learning.

Friday	4:30	Club Management	Kim Schrader	Planning and Managing 4-H Clubs and Meetings; Managing Risks, Involving Parents & Volunteers	This workshop targets those in Master Volunteer Accreditation, and volunteers are new to Kentucky 4-H. Participants will learn about 4-H clubs, different types of clubs, where to access 4-H club resources, plan a successful year in your 4-H club, conduct engaging, educational, and fun 4-H meetings, risk management plans and practices for youth and adults, marketing 4-H in the community and in schools, and how to recruit parents and volunteers to assist with your club, projects, and activities.
Saturday	8:15	Club Management	Karla Knoepfli, Leah Haxton	Ten Leadership Skills 4-Her's Need to Thrive- Part 1 of 2	Thriving youth possess a growth mindset that supports efforts in learning over innate ability. Join us as we explore 10 skills and activities which can be used to challenge and support youth as we guide them in learning, growing, and accepting responsibility as leaders. We will explore how volunteers can establish a safe and healthy environment that develops confidence and a growth mindset. Part 1 of 2.
Saturday	9:15	Club Management	Karla Knoepfli, Leah Haxton	Ten Leadership Skills 4-Her's Need to Thrive- Part 2 of 2	Thriving youth possess a growth mindset that supports efforts in learning over innate ability. Join us as we explore 10 skills and activities which can be used to challenge and support youth as we guide them in learning, growing, and accepting responsibility as leaders. We will explore how volunteers can establish a safe and healthy environment that develops confidence and a growth mindset. Part 2 of 2.
Saturday	10:15	Club Management	Jamie Morris	Appreciating Volunteers and Others: Creating Connections and Belonging	"I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel." — Dr. Maya Angelou. This session will provide ideas and ways to make people feel good and make a memorable 4-H experience through appreciation! Come join this engaging, hands on session to gather inspiration, ideas and samples of appreciation techniques to incorporate gratitude into your 4-H programming.
Saturday	1:45	Club Management	Jamie Morris	Leading with Positivity: Inspiring Youth to Thrive	Come engage in a fun and inspiring session to ignite positivity in yourself, your life and your interactions with youth! This session is founded on the principles from the book The Power of Positive Leadership and woven into real life application of these principles with 4-H youth, volunteers and professionals. Participants will leave with a smile on their face and ways to how to be a positive force in the lives of youth.
Saturday	2:45	Club Management	Dr. Rachel Noble Guidugli	Conversation with the Director	This session will feature a guided conversation with Dr. Rachel Noble Guidugli, Assistant Director of Extension for 4-H Youth Development. Come prepared to offer insight, and your own personal perspective on the Kentucky 4-H Program at the various levels. This will be an opportunity for the Director to hear from volunteers on what trends and needs are occurring across the state so we can better reach all youth.
Friday	9:30	Communication & Expressive Arts 1	Morgan Esters	Canva Creations for Beginners	We will go over how to create professional, educational, and creative digital media through Canva for your county, clubs and camps! We will learn how to make logos, newsletters, flyers and more! This will be using Canva Pro & the free version.
Friday	10:30	Communication & Expressive Arts 1	Cortney Moses	Branching Creativity: Weaving Nature's Tapestry - Exploring Fiber Arts with Tree Branches and Natural Elements- Part 1 of 2	In this workshop, participants will explore the art of loom weaving from a nature-inspired perspective. We will learn about branch selection, fundamental weaving techniques, and discuss integrating found objects into your creations. This weaving program is customizable, giving you the ability to cater to many age groups. Principles from extension fields such as art and culture, botany, health and well-being, and environmental science can be seamlessly integrated into the activity. Part 1 of 2.
Friday	1:15	Communication & Expressive Arts 1	Cortney Moses	Branching Creativity: Weaving Nature's Tapestry - Exploring Fiber Arts with Tree Branches and Natural Elements- Part 2 of 2	In this workshop, participants will explore the art of loom weaving from a nature-inspired perspective. We will learn about branch selection, fundamental weaving techniques, and discuss integrating found objects into your creations. This weaving program is customizable, giving you the ability to cater to many age groups. Principles from extension fields such as art and culture, botany, health and well-being, and environmental science can be seamlessly integrated into the activity. Part 2 of 2.
Friday	2:15	Communication & Expressive Arts 1	Mawnie Belcher	Drawing Blind....What? Part 1 of 2	Welcome to our Blind Contour Drawing class, where you'll learn to draw without looking at your paper and without lifting your pencil. We'll focus on drawing still life objects and people with amazing benefits. You'll learn to see better, make your hands and eyes work together, stay calm while really focusing on what you are drawing, love mistakes, understand space and feel awesome as an artist. So, get ready to be creative, and discover all the amazing things your hands and eyes can do together! Part 1 of 2.
Friday	3:30	Communication & Expressive Arts 1	Mawnie Belcher	Drawing Blind....What? Part 2 of 2	Welcome to our Blind Contour Drawing class, where you'll learn to draw without looking at your paper and without lifting your pencil. We'll focus on drawing still life objects and people with amazing benefits. You'll learn to see better, make your hands and eyes work together, stay calm while really focusing on what you are drawing, love mistakes, understand space and feel awesome as an artist. So, get ready to be creative, and discover all the amazing things your hands and eyes can do together! Part 2 of 2.

Friday	4:30	Communication & Expressive Arts 1	Allison Denny	Exploring Portfolio Pathways: Into Intaglio Printing- Part 1 of 2	Come learn about the methods of intaglio printing in these two workshops! Participants will learn how to make a collagraph plate and etch a plexiglass plate in the first workshop, then print your plates onto paper during part 2. You will be able to take home your finished plates, prints, and handouts on how to do the process, as well as a supply list to take home. Part 1 of 2.
Saturday	8:15	Communication & Expressive Arts 1	Allison Denny	Exploring Portfolio Pathways: Into Intaglio Printing- Part 2 of 2	Come learn about the methods of intaglio printing in these two workshops! Participants will learn how to make a collagraph plate and etch a plexiglass plate in the first workshop, then print your plates onto paper during part 2. You will be able to take home your finished plates, prints, and handouts on how to do the process, as well as a supply list to take home. Part 2 of 2.
Saturday	9:15	Communication & Expressive Arts 1	Susan Miller	Wire Sculpture: Creating a Wire Tree Sculpture with a Twisting Trunk- Part 1 of 2	Come bend branches, twist trunks and rotate roots as you sculpt a wire tree. In this hands-on workshop, we'll discuss basic art elements of sculpture and you'll create a miniature tree that can be replicated within youth and adult programming. Part 1 of 2.
Saturday	10:15	Communication & Expressive Arts 1	Susan Miller	Wire Sculpture: Creating a Wire Tree Sculpture with a Twisting Trunk- Part 2 of 2	Come bend branches, twist trunks and rotate roots as you sculpt a wire tree. In this hands-on workshop, we'll discuss basic art elements of sculpture and you'll create a miniature tree that can be replicated within youth and adult programming. Part 2 of 2.
Saturday	1:45	Communication & Expressive Arts 1	Karla Knoepfli	Coming of Age: Seeing 4-H through Graphic Design- Part 1 of 2	4-H provides many opportunities to develop confidence and skills in being an effective communicator. The life skill of communication is about conveying thoughts, ideas, and information. Graphic design is a form of communication used in posters, displays, flyers, digital presentations, video, logos, t-shirts, web design, and so much more! Return home better prepared to help youth see the importance of graphic design in society and in mastering their skills to become better communicators. Part 1 of 2.
Saturday	2:45	Communication & Expressive Arts 1	Karla Knoepfli	Coming of Age: Seeing 4-H through Graphic Design- Part 2 of 2	4-H provides many opportunities to develop confidence and skills in being an effective communicator. The life skill of communication is about conveying thoughts, ideas, and information. Graphic design is a form of communication used in posters, displays, flyers, digital presentations, video, logos, t-shirts, web design, and so much more! Return home better prepared to help youth see the importance of graphic design in society and in mastering their skills to become better communicators. Part 2 of 2.
Friday	9:30	Communication & Expressive Arts 2	Seth Hart	Clay Sculpture and Pottery- Part 1 of 2	Students will learn how to create basic project items using self-hardening clay. Part 1 of 2.
Friday	10:30	Communication & Expressive Arts 2	Seth Hart	Clay Sculpture and Pottery- Part 2 of 2	Students will learn how to create basic project items using self-hardening clay. Part 2 of 2.
Friday	1:15	Communication & Expressive Arts 2	Amy Aldenderfer	Creating a Fiber Art Group	With this workshop you will experience how to run a group that incorporates fiber art as the focal point of the curriculum. We will not be learning how to utilize fiber into creating art in this workshop.
Friday	2:15	Communication & Expressive Arts 2	Amy Aldenderfer	Starting on a Fiber Journey	How does fluffy sheep hair become yarn or thread? In this workshop, you will start your own fiber journey by exploring the types of animal fiber and twisting it into yarn. You will make a drop spindle and be able to have a singles yarn by the end of the workshop.
Friday	3:30	Communication & Expressive Arts 2	Cathy Weaver	Holiday Workshop in a bag: for fun or fundraising	Holidays are often the busiest time of year. In 4-H we want to offer cool Holiday workshops but there often isn't time! The solution? Holiday Workshop in a bag! This workshop will discuss different options for a holiday workshop in a bag, show how it can be a county or club fundraiser, and participants will make 2 of the crafts that could be included in a Holiday Workshop in a bag!
Friday	4:30	Communication & Expressive Arts 2	Eric Comley	Get Better at Photography	"I just want to take better photographs," or "I want to help my club members take better photographs," are the common phrases I hear throughout the year and wandering around Cloverville in August. Part of our problem is not the availability of subjects, but planning to maximize the opportunities. We also need a willingness to find the interesting and treat the subject like something we want the world to see. Whether it is through rules or not, learn how to be a better photographer.
Saturday	8:15	Communication & Expressive Arts 2	Kirsten Cowan	Communicating with Ease through Curious Conversation	This session will focus on how volunteers can provide effective communication and transformative leadership in a challenging ever-changing world. It will provide steps on using curious conversation and deep listening to build trust and mutual respect all while developing a deeper understanding of the why behind youth and family's actions. We will explore how to inspire collaboration and strategically find common ground to achieve meaningful change and growth in existing or new clubs/units.
Saturday	9:15	Communication & Expressive Arts 2	Aayme Kindoll	Trash to fine art	Learn how to make beautiful mixed media art pieces using all kind of bits and pieces to make a piece of art and teach your 4H group how to make these art pieces.
Saturday	10:15	Communication & Expressive Arts 2	Morelia Falcon, Deja Hatchett	Story Telling: 5 Steps to Unforgettable Stories	Storytelling: the most impactful, powerful way to reach your audience. Have you ever wondered what makes a motivational speaker or teacher, fantastic at what they do? The key lies in a few shockingly simple steps to crafting a stories that inspire and captivate your audience. In this workshop, we will dive deep into the anatomy of a great story and its capacity to truly change your communication.

Saturday	1:45	Communication & Expressive Arts 2	Dr. Miwon Choe	Unit of Diversity and Creative Empathy- Part 1 of 2	"Unity of Diversity" represents our creative art bridges to affirm, heal, and connect toward bringing us together. Come and experience how a simple poetry from Appalachian mountains, Aboriginal dot paintings, as well as Islamic metal images of sacred geometry expand our imagination muscles, creative hearts, and our hands. No prior art experience is needed, and all instructional resources will be provided. Cost \$10 collected at the door. Part 1 of 2.
Saturday	2:45	Communication & Expressive Arts 2	Dr. Miwon Choe	Unit of Diversity and Creative Empathy- Part 2 of 2	"Unity of Diversity" represents our creative art bridges to affirm, heal, and connect toward bringing us together. Come and experience how a simple poetry from Appalachian mountains, Aboriginal dot paintings, as well as Islamic metal images of sacred geometry expand our imagination muscles, creative hearts, and our hands. No prior art experience is needed, and all instructional resources will be provided. Cost \$10 collected at the door. Part 2 of 2.
Friday	9:30	Council	Melissa Miller, Ben Carr	Grant Writing 101: Tips for Writing KVF Implementation Grant & Ag Mini Grant	Join the Foundation as we share tips and tools for writing grants to benefit your County's 4-H Program. We will focus our attention on the new KVF Implementation Grant but also the Agriculture Mini Grant that are both funded through the Kentucky 4-H Foundation.
Friday	10:30	Council	Ken Culp, III	4-H Program Planning: Begin by Assessing Community and Program Needs	Effective 4-H and Extension Programs reflect the county and the people who live there. 4-H Councils should form the basis of 4-H Programming by identifying the needs of the county, its communities, and its youth. This workshop introduces the Expansion & Review Committee and a Needs Assessment tool (a SWOT Profile [Strengths, Weaknesses, Opportunities, Threats]), explain the purpose and uses of each, and their role in planning an effective 4-H program that reflects county and youth needs.
Friday	1:15	Council	Ken Culp, III	Recruiting Members & Volunteers for your 4-H Council without Breaking Arms!	This workshop will present effective, easy-to-use strategies for identifying the current makeup of your 4-H Council, identifying communities, demographics, groups, program areas, delivery methods, and geographic areas that are underrepresented on your 4-H Council, and will identify proven strategies for identifying and recruiting individuals that are best suited to serve on the 4-H Council member, representing these groups, areas, and delivery methods.
Friday	2:15	Council	Rebecca Amsler, Lindsay Poore, Zach Waller, Ryan Martin	Show Me the Money! Handling 4-H Council Funds easily and legally	This workshop will focus on the legal requirements for handling 4-H Council funds, including guidelines, restrictions, best practices, signatory responsibilities, 501(c) 3 tax exempt status, etc. Additionally, strategies that 4-H Council treasurers can follow for accounting, financial management, handling money, invoicing, bill paying, etc., will be covered. This workshop will benefit 4-H Councils and Council Treasurers to perform their responsibilities legally and easily, while also meeting university requirements.
Friday	3:30	Council	Rebecca Amsler, Lindsay Poore, Zach Waller, Ryan Martin	4-H Council Funding: Budgeting and Fundraising	A common mistake that 4-H Councils make is to let funding drive programming. (What can we do with \$XXX?) In reality, programming should drive funding! (Paying the KVF registration fee for 40 volunteers will cost \$10,000; how can we raise \$10,000 to send 40 volunteers, thereby expanding our program and reaching more 4-H members??). This workshop will cover three primary topics: Developing an annual 4-H Council budget; identifying fundraising opportunities and funding options; determining what District Board funds can pay for. This workshop will benefit 4-H Councils by demonstrating ways that their county 4-H programs can grow, expand, and reach more youth, by accessing financial resources that have previously not been considered or accessed.
Friday	4:30	Council	Catherine Webster	Two Peas in a Pod	This workshop will be presented by the Simpson Co. 4-H Youth Development Agent and the Simpson Co. School District. It will highlight school enrichment programs the Extension Service conducts in partnership with the Simpson Co. School District. All programs are done in conjunction with the Family Resource Youth Service Centers and/or Community Education. Extension programs meet several components of the FRYS and together make the perfect programming pair for reaching youth in our communities.
Friday	9:30	Crafts - Track 2	Lora Stewart, Mel Daniel	Sunflower With A Twist- Part 1 of 2	Design a sunflower with a twist that includes inspirational phrases. We will be using acrylic paints. You do not have to know how to draw to participate.
Friday	10:30	Crafts - Track 2	Lora Stewart, Mel Daniel	Sunflower With A Twist- Part 2 of 2	Design a sunflower with a twist that includes inspirational phrases. We will be using acrylic paints. You do not have to know how to draw to participate.
Friday	1:15	Crafts - Track 2	Amanda Hardy, Rohdene Rollins	Craft and App	Come and learn about Craft and App Classes for adults and youth. Item could be entered in county and state fair. Will be doing an expensive craft with place makes, paint, pillow stuffing and glue. KY Plate it Up Recipes will be handed out.
Friday	2:15	Crafts - Track 2	Britney Poe	Moss Bunny Family Sign	Make your own moss bunny family sign for your home. Display on shelf during the spring season.
Friday	3:30	Crafts - Track 2	Marie Vandiver	Jewelry Making	Come make a necklace with us. You will take home a completed necklace.
Friday	4:30	Crafts - Track 2	Kelly Dockter	Light up the Night	In this workshop, participants will learn to make a simple electric night light.
Saturday	8:15	Crafts - Track 2	Robin Grace	Cloverbud Crafty Crafts	Have you ever been lost for ideas on crafts for Cloverbuds? Then this workshop is for you! You will come away with samples and ideas of easy craft ideas that you can use without a lot of preparation or money.
Saturday	9:15	Crafts - Track 2	Abbi Hunter, Cathy Toole	Sun Catcher Craft for Camp	Learn how to create a sun catcher using a canning lid and a few creative techniques.

Saturday	10:15	Crafts - Track 2	Faye Korthaus, Debi Reinke	Rags to Riches Wreath	Create a "Rags to Riches" Wreath using fabric and wooden pieces. Crafters will add fabric to a wire wreath and paint decorative wooden pieces to create this unique wreath. All supplies needed to complete this wreath are included in the kit. Fabric colors and signage may vary. This class is limited to 20 crafters. The \$18.00 fee for this class will be collected at the door.
Saturday	1:45	Crafts - Track 2	Faye Korthaus, Debi Reinke	Wooden Bunny Rabbit	Create a wooden Bunny Rabbit just in time for your spring decorating. Crafters will paint and decorate a recycled 2"x4" to create this one of a kind Bunny Rabbit. All the paint, wood pieces, felt and wire are included in your craft kit. Wood sizes and felt colors may vary. This class is limited to 20 crafters. The \$15.00 fee for this class will be collected at the door.
Saturday	2:45	Crafts - Track 2	Faye Korthaus, Debi Reinke	Seasonal Garland	Create a Burlap Garland for four different seasons or holidays. Crafters will choose four holidays or seasons to decorate for by cutting out designs from fabric and adhering that fabric to burlap pennants. Fabric colors and designs may vary. All the fabric, adhesive, burlap pennants, clothes pins and jute are included in your craft kit. Class limited to 20 crafters. The \$ 15.00 fee for this class will be collected at the door.
Friday	9:30	Crafts- Track 1	Debbie Morris	Nude Descending a Staircase- Part 1 of 2	We don't talk about nudes much in 4-H, but Marcel Duchamp's Nude Descending a Staircase (1912) is one of the inspirations recommended in our 4-H curriculum when teaching the movement of a human in art. In this 90-minute workshop, volunteers will practice creating a painting that emphasizes a human figure in action. This project is state-fair eligible in class 732a/b, Human Action in an acrylic or watercolor painting. Part 1 of 2.
Friday	10:30	Crafts- Track 1	Debbie Morris	Nude Descending a Staircase- Part 2 of 2	We don't talk about nudes much in 4-H, but Marcel Duchamp's Nude Descending a Staircase (1912) is one of the inspirations recommended in our 4-H curriculum when teaching the movement of a human in art. In this 90-minute workshop, volunteers will practice creating a painting that emphasizes a human figure in action. This project is state-fair eligible in class 732a/b, Human Action in an acrylic or watercolor painting. Part 2 of 2.
Friday	1:15	Crafts- Track 1	Sharayha Clingenpeel	Abstract Acrylic - No Brushes	A twist on an abstract acrylic painting without a paint brush. Utilize wax paper and paint to create a unique abstract design on a mini canvas. This is an easy craft you can do with Cloverbuds, 4-Hers, homemakers, in a classroom, and more!
Friday	2:15	Crafts- Track 1	Billie Jo Graves	Simple Leather Working Project	Very few hands on projects fascinate 4-Hers more than leather working. The variety of punches, patterns, finishes, and looks are mind-boggling, not to mention youth can create a simple project very quickly or take months on a complex piece. In this workshop, participants will assemble a simple key chain and practice tooling at an introductory level. This project is state-fair eligible in class 763 Leather Craft. Max: 15 Charge: \$5.
Friday	3:30	Crafts- Track 1	Kim Ragland	An Important Bulletin	In this workshop, participants will create a unique French bulletin board from scratch using simple materials and techniques, easily replicated with youth. This project is state-fair eligible in class 893 Bulletin Board and is part of the Home Environment curriculum. Max:15 Cost: \$10.
Friday	4:30	Crafts- Track 1	Ginny Butsch	Fun with Filigree: Beginner Paper Quilling	Paper quilling involves rolling long, thin strips of paper (filigree) around a special tool to form shapes that can be combined to make 3-D art. Attendees will learn basic coil shapes and how they can be used to create an image.
Saturday	8:15	Crafts- Track 1	Cynara R. Perez-Switzer	Creating Mosaic Coasters	Participants will learn about adhesives, grout, and tile options needed to create this mosaic coaster. All supplies are included, as well as grout to take home and apply the next day. Cost: \$8.00 per person, which will be collected at the door.
Saturday	9:15	Crafts- Track 1	Ginny Butsch	Fascinating Felting	Learn two different wool felting methods (wet felting and needle felting) that can be used to create cozy crafts and jewelry!
Saturday	10:15	Crafts- Track 1	Cynara R. Perez-Switzer	Weaving on a Matboard Loom	Participants will identify and define weaving terms, learn and practice weaving techniques, list the supplies necessary to create a basic weaving project, and operate an inexpensive loom. Participants will have the option to complete either a bookmark or mug rug. The cost for the class is \$3.00 per person for the kit.
Saturday	1:45	Crafts- Track 1	Debbie Morris	Welcome to the world! Knitted service project	Research tells us community service accomplished during their 4-H careers is one of the most valuable experiences 4-H alumni claim. Hands-on projects youth can complete and donate are at a premium. In this workshop, participants will make a baby toboggan on a knitting loom, creating a donation suitable for local maternity facilities. This project is state-fair eligible in class 1074/1075 Loom Knitting. Max: 30 Charge: \$20
Saturday	2:45	Crafts- Track 1	Ginny Butsch	Soothing Scribbles	Level up your doodling! Learn how Zentangles, Mandalas, and Pointillism can be used to calm and refocus your mind.

Saturday	8:15	Extension Homemakers	Cheryl Kaczor, Gwen Crum	Health Motivator program for Seniors	Social support has a positive influence on the health habits of older adults. West Virginia University Extension Service created the Health Motivator Program led by community volunteers to promote and support healthy lifestyles among members within groups and organizations. This workshop will provide the tools and resources to use the Health Motivators Program in Extension Programming and Community groups. All participants will receive a copy of the program.
Saturday	9:15	Extension Homemakers	Kim Henken	Robert's Rules Refresher	How do you rate your skills in using Robert's Rules of Order? This session will cover the basic parliamentary procedures that can improve the effectiveness in any business meeting using interactive teaching methods and a fun approach. Brush up on your knowledge and improve your ability to lead or participate in effective meetings.
Saturday	10:15	Extension Homemakers	Julie Hook, Carlisle Extension Homemaker	Food for Fun	Have you ever wanted a food that was attractive and fun that you serve for party's and friends? This is the workshop you want to attend to learn various fun food techniques!
Saturday	1:45	Extension Homemakers	Kelly May	Sharing Your Club Message	This session will prepare you to develop a quick response to the question "What does your group DO?" Homemakers (and other groups) do so much, sometimes it can be hard to summarize everything in a brief summary statement. We also will consider responses to have ready when barriers get in the way of active membership.
Saturday	2:45	Extension Homemakers	Hardin County Extension Homemaker Members	Projects with the Golden Age	With the aging population every volunteer needs information on how to help people in their "Golden Age" in your communities. This workshop will educate volunteers on how to help our "Golden" members with care selection, proper eating, making wise decisions and much more.
Friday	9:30	FCS 4-H- Track 1	Cathy Toole, Callie Derossett	Dresses for Girls in Africa	Come and find out about how your county can support young girls in Africa by creating a simple dress.
Friday	10:30	FCS 4-H- Track 1	Elizabeth Mefford	Rick Rack Chick	Attendees will be learning small basic hand embroidery stitches to embellish a tea towel.
Friday	1:15	FCS 4-H- Track 1	Krista Perry, Megan McCoun	GEMS: Girls Empowered and Motivated to Succeed	Come learn what the GEMS program is, why each county should conduct the program and how much impact the program has. Each participant will receive resources to take home with them to be able to conduct the program.
Friday	2:15	FCS 4-H- Track 1	Bobbie Chatham	Making Nutrition/MyPlate Fun!	Come learn fun ways to promote nutrition to 4-H members/youth. This will be a hands-on class.
Friday	3:30	FCS 4-H- Track 1	Misty Wilmoth	Country Ham Recipe Contest	Participants will learn about one of the newer competitions in Kentucky 4-H...the 4-H Country Ham Recipe Contest. Volunteers and agents will be given tips to help promote the contest and the contest rules will be reviewed. Some past recipe entries will also be shared.
Friday	4:30	FCS 4-H- Track 1	Aubrey New	Fun and Easy Foods in a Bag	Everyone tends to cook using a stove, microwave, air-fryer, or grill, but who knew you could make fun and tasty snacks in a bag? Join us to learn how to make a variety of snacks and treats in a bag. These recipes are easy to make, most of them are inexpensive for a classroom, and, they are so much fun to make! Children of all ages enjoy the recipes in a bag, and the best part is, you can enjoy the recipes with them!
Saturday	8:15	FCS 4-H- Track 1	Cathy Fellows	Cooking Up Life Skills in the Kitchen- with special needs youth	Learn how to create a cooking program for youth with special needs. This program will guide you on ways to empower youth with special needs in the kitchen. Not only will they develop basic cooking skills they will also learn important life skills.
Saturday	9:15	FCS 4-H- Track 1	Kelly May	Piggy Bank Power: Contest Teaches Kids to Save	Each year UK Cooperative Extension hosts a Piggy Bank Design Contest for students. Winning entries have been displayed in the state Capitol building in Frankfort as part of the state's Kentucky Saves celebration. Find out how this contest is a creative way for youth to learn the importance of saving money. The contest is open to school students K-12 attending public, private, or home school in Kentucky. Find out how you can work with your county Extension office to help host this contest locally.
Saturday	10:15	FCS 4-H- Track 1	Kathy King	Beginner Embroidery	Embroidery is becoming more and more popular among our young people. This workshop teaches you the basics to get started on your own embroidery adventure so you can lead others along the way.
Saturday	1:45	FCS 4-H- Track 1	Pam Meador	Homesteading: a new skill or an old one?	Participants will be introduced to the concept of a Homesteading club where 4-H members will be introduced to several different aspects of homesteading in the program year. Although the name sounds specialized like many other current clubs, in fact, leaders will be able to draw guest speakers/presenters from specialized clubs in your community to add variety and depth to your meetings. Adding new skills to your 'tool box' can be done in an urban setting or a rural one. Land owning has no impact.
Saturday	2:45	FCS 4-H- Track 1	Open Slot	Open Slot- FCS 4-H- Track 1	OPEN SLOT
Friday	9:30	FCS 4-H- Track 2	Deana K. Reed, Rebecca Hacker	4-H Fresh Chefs- Part 1 of 2	The Meade County 4-H Fresh Chefs Club focused on healthy food preparation, food and kitchen safety, the benefits of shopping at a local farmer's market, and food preparation on a budget. During this workshop, participants will learn about the overall program and participate in the preparation or taste testing of NEP/SNAP eligible recipes. Part 1 of 2.
Friday	10:30	FCS 4-H- Track 2	Deana K. Reed, Rebecca Hacker	4-H Fresh Chefs- Part 2 of 2	The Meade County 4-H Fresh Chefs Club focused on healthy food preparation, food and kitchen safety, the benefits of shopping at a local farmer's market, and food preparation on a budget. During this workshop, participants will learn about the overall program and participate in the preparation or taste testing of NEP/SNAP eligible recipes. Part 2 of 2.

Friday	1:15	FCS 4-H- Track 2	Isaac Hilpp	Culinary Challenge	The culinary challenge is a state-level event that helps young people explore their passion in the kitchen as well as careers that passion can lead to. Join us as we go over the ins and outs of the contest as well as highlight some other contests that are available to young people in culinary programs.
Friday	2:15	FCS 4-H- Track 2	Jacqueline Jacob, Tony Pescatore	Bringing poultry products into your culinary programs	There are three culinary contests in the 4-H poultry program that do not involve live animals at all. These include the Egg Chef Challenge, the Chicken BBQ contest and the Turkey BBQ contest. Come and learn about these culinary contests so you can include them in your county programs.
Friday	3:30	FCS 4-H- Track 2	Julie Brown, Catherine Webster, Anna Meador	4-H Food & Fun	4-H, Food, & Fun is a free at-home cooking program that unites families in the kitchen and at the dinner table. The goal of this program is to get young people in the kitchen and preparing home-cooked meals, trying new foods, encouraging family time, developing communications skills and having fun! Each month youth received a kitchen utensil and local commodity to make their recipe. At this workshop we will talk about what it takes to make this program happen in your county.
Friday	4:30	FCS 4-H- Track 2	Elizabeth Coots	Getting the Blue Ribbon: Home Canning Tips	Volunteers will gain knowledge of safe home canning recipes and procedures. Emphasis will be placed on how to can foods listed in the 4-H culinary category and how to do so in order to get a blue-ribbon winner. We will review the judging criteria that determines what makes the best canned salsa, jam, etc.
Friday	9:30	FCS Adult	Courtney Luecking	Pathways to Wellness: Navigating the people, places and spaces that influence health	Did you know diet, physical activity, and sleep account for less than half of the factors that determine the length and quality of life? In this session we will explore how the people, places, and spaces in which we live, learn, work, and play influence health. This interactive session will give you a sneak peek of a new health-focused curriculum.
Friday	10:30	FCS Adult	Harriett Edwards	Birth Order: Implications for Everyday Living	Are the personalities of oldest, middle, and youngest siblings really different? Contemporary theories tell us that birth orders impact our personalities and lead us toward certain behaviors. This session will be an opportunity to examine information from several sources, evaluate personal attitudes about birth order theory, and discuss how this information influences our work, relationships, and families.
Friday	1:15	FCS Adult	Nichole Huff	Use Less. Spend Less. Stress Less.	When our family resources and finances are stretched, stress and relationship strain are sure to follow. Learn ways to maximize your resources (Use Less), stretch your finances (Spend Less), and enjoy priceless low-and-no-cost activities with loved ones (Stress Less).
Friday	2:15	FCS Adult	Laura Weddle	Overcome the Overwhelm: Managing Your Stress	Ever wonder why you feel stress and what it does to your body and mind? Learn about stress, how it impacts your physical and mental well-being, and how to "overcome the overwhelm" with self-care strategies.
Friday	3:30	FCS Adult	Nichole Huff	Time Well Spent: Productivity Skills for Success	Session will highlight the UK Extension curriculum, Time Well Spent. Learn resource management skills to enhance productivity, combat procrastination, and practice personal and professional self-care.
Friday	4:30	FCS Adult	Danielle Hagler	Fusible Fabric Quilt Squares	Want to introduce your community to the art of quilting without using sewing machines? Join this workshop to learn about the elements of art, while gaining the skills to offer fusible quilt squares as a cultural arts lesson. Participants will create their own hand crafted quilt square from fusible fabric!
Saturday	8:15	FCS Adult	Cathy Weaver	Clover Kitchen Camp	Do you ever wish you had more time to teach fun and exciting things in your 4-H cooking programs? The implementation of the Clover Kitchen Camp teaches youth the basics, and puts those basics into practice, preparing them to participate in all other county level 4-H cooking programs. It allows for more in depth instruction in cooking classes and clubs. It is a one-time program youth graduate from before other County level participation.
Saturday	9:15	FCS Adult	Violet Barbee	Making "Friendship Soup" and Recipes for Dry Soup Mixes in a Mason Jar	What's more thoughtful, kind, and loving than giving the gift of cozy soup? I think these dry soup mixes are the perfect handmade gift or "Thank You" gift for you to give to all your loved ones. They are affordable to make, they are super delicious, they are thoughtful, and my favorite part—they are consumable. These soups only use ingredients you can get at a regular supermarket. You can make up enough of these for everyone on your list in less than an hour. Alright, let's make soup!
Saturday	10:15	FCS Adult	Lora Stewart	Pumpkin Pie in a Bag	American settlers made pumpkin pie inside of the pumpkin shell. Learn how to make a modern version by making pumpkin pie in a bag. You will receive the recipe for several other food in a bag activities.
Saturday	1:45	FCS Adult	Martha Yount	How to Eat Fried Worms (Well, not really, but how to make fun snacks that look like bugs and critters)	Select this hands-on class to learn simple recipes for healthy snacks with a nature theme. Use basic food preparation skills to transform fruits, vegetables, and other nutritious foods into a menagerie of insects and other critters.
Saturday	2:45	FCS Adult	Christy Eastwood	The Basics of Chocolate	Learn how chocolate can have health benefits if eaten in moderation. Tempering chocolate is a must when working with chocolate. Find out the tempering process and why it's so important. Sampling chocolate during the workshop will give you the opportunity to test your chocolate palette.

Friday	9:30	Health and Wellness	Chuck Stamper	Kentucky 4-H Health and Wellbeing: Basics of the Five Domains	In this workshop, the positive development of 4-Hers in the domains of physical, emotional, social, spiritual, and intellectual health and wellbeing will be covered. The educational programming and resources available for 4-H Club Leaders to create a supportive and inclusive learning environment will be discussed and practiced.
Friday	10:30	Health and Wellness	Heather Norman-Burgdolf	Live, Work, Play, Pray: Making Faith Communities Healthy Spaces	Where we spend our time impacts our overall health and wellbeing. For many, large amounts of time are spent each week within faith-based spaces. This session will describe ways to create health-promoting faith spaces and develop a plan of action that benefits all members of the faith-based organization.
Friday	1:15	Health and Wellness	Alex Elswick	Seriously...This is Your Brain on Drugs	Why do kids start experimenting with drugs? Why do some people become addicted? We answer these questions and much more in this workshop designed to improve your understanding of substance use and addiction.
Friday	2:15	Health and Wellness	Danielle Hagler	Incorporating Mindfulness Trails into your programming	Want to have a positive impact on the mental wellbeing of your community? During this workshop participants will be introduced to mindfulness practices, while learning about the positive benefits of nature on mental health and wellness. Participants will learn to set up and host a mindfulness trail in their own community and how to incorporate mindfulness trails into their programming.
Friday	3:30	Health and Wellness	Sonya R. Jones	Culture Connection: Creating Opportunity for Diversity, Equity, Inclusion, & Respect	Pulaski 4-H's Culture Connection was created as a series of after school day camps to focus on the commitment of the "an opportunity for all" 4-H platform and to help with the objectives of helping promote respectful curiosity and a sense of solidarity among diverse youth, developing broader and deeper understanding of different cultures, and overcome stereotypes and assumptions.
Friday	4:30	Health and Wellness	Jenny Jordan	The Art of Mindfulness	Mindfulness is focusing your awareness on the present moment while calmly acknowledging and accepting one's feelings, thoughts, and sensations. We will create a calming space and discuss mindfulness techniques to incorporate into any 4-H program. Alongside the idea of mindfulness, participants will create a watercolor painting to reduce stress and create calm. The session will include simple strategies for adding art activities to a variety of 4-H programming and activities.
Saturday	8:15	Health and Wellness	Chuck Stamper	4-H Youth Strong: Helping Youth and Families in Times of Disaster and Stress- Part 1 of 2	This workshop will provide an in-depth look at how stress, trauma and disasters affect the mental health of youth. The workshop will also provide strategies to support youth and families in communities across the state of Kentucky as well as guidance on how best to implement the Youth Strong manual and accompanying activities into 4-H, school and community settings. Adults will leave with the manuals to implement the Youth Strong curriculum within their community. Part 1 of 2.
Saturday	9:15	Health and Wellness	Chuck Stamper	4-H Youth Strong: Helping Youth and Families in Times of Disaster and Stress- Part 2 of 2	This workshop will provide an in-depth look at how stress, trauma and disasters affect the mental health of youth. The workshop will also provide strategies to support youth and families in communities across the state of Kentucky as well as guidance on how best to implement the Youth Strong manual and accompanying activities into 4-H, school and community settings. Adults will leave with the manuals to implement the Youth Strong curriculum within their community. Part 2 of 2.
Saturday	10:15	Health and Wellness	Sonya R. Jones	H.E.R.O.E.S. Program for Special Education	Pulaski 4-H strives to create a safe and inclusive environment to young people of all beliefs and backgrounds regardless of their gender, race, ethnicity, and/or disability. Pulaski 4-H celebrates differences and promotes inclusion, diversity, & equity. H.E.R.O.E.S. (Hope 4 Everyone to Recognize in Others Extraordinary Skills) is a program created for elementary and middle school special education students in Pulaski County, Georgia.
Saturday	1:45	Health and Wellness	Aubrey New	Wellness Wednesday Workshop	As adults, we are taught to "take time for ourselves", which can seem like a hassle in our day to day life. If we teach children that taking time for ourselves is important, it will become a habit for them, and seem more of a priority than stress as an adult. Join us at our Wellness Wednesday Workshop to learn the importance of health and wellness, how to educate children on the topic, and learn activities children can complete in class and incorporate at home.
Saturday	2:45	Health and Wellness	Shelley Meyer	Fitness for Life	Learn fun, creative, and hands-on fitness ideas for incorporating physical activity in 4-H meetings, activities, and all Cooperative Extension programs.
Friday	9:30	Horse	Equine Task Force	Horse Club Matching Game	Join the 4-H Equine Task Force for a new matching game intended for 4-H Horse Clubs! Add this lesson to your arsenal for future meetings.
Friday	10:30	Horse	Equine Task Force	Dressing Savvy for Barn, Seasonal, and Show: 4-H Horse Club Activity	The 4-H Equine Task Force presents a new 4-H Horse Club lesson: How to dress you & your horse in the barn/show/seasonally through a fun paper person activity. Participants will receive materials needed to implement at their next local horse club meeting.
Friday	1:15	Horse	Lindsay Heyvaert	Importance of regular fecal testing for equine	This workshop will cover the basics on equine internal parasites. We will go over how one can identify internal parasites through a fecal test in collaboration with a local veterinarian, what the common equine internal parasites are, and how to treat them with up to date medications and recommendations from veterinary resources. There will be a hands on activity to go over the importance of regular fecal tests.
Friday	2:15	Horse	Mary Jane Little	Equine Careers Game: A 4-H Horse Club Activity	Explore a new 4-H Horse Club activity featuring different career possibilities within the equine industry through a dice rolling game.

Friday	3:30	Horse	Stephanie Meredith	Travel with Equines	Want to take a trip with your horse, but not sure where to begin? Let me help you tackle traveling long distance with your favorite friend. These are my tried and true tips I have learned over years traveling with my daughter to and from horse shows as close as next county and as far as Georgia and Oklahoma.
Friday	4:30	Horse	Fernanda Camargo	State of the Program: Rule Updates for the Kentucky 4-H Horse Program	This workshop will cover the updates for the Kentucky 4-H Horse Program. This workshop will serve as recertification for the certified leaders, and it will be recorded and posted online for recertification.
Saturday	8:15	Horse	Paula Jerrell	Just Horsin' Around	Come get some ideas for using and enhancing lessons from the AYHC Youth Leaders Manual and Horse Kit. Lesson materials/supplies will be given as door prizes.
Saturday	9:15	Horse	Fernanda Camargo, Starnes	Equipment check for the 4-H Horse Program- Part 1 of 2	Join us in learning what bits, shoes, and other equipment are considered legal and which ones are illegal in specific classes of the State 4-H Horse Show. Part 1 of 2.
Saturday	10:15	Horse	Fernanda Camargo, Starnes	Equipment check for the 4-H Horse Program- Part 2 of 2	Join us in learning what bits, shoes, and other equipment are considered legal and which ones are illegal in specific classes of the State 4-H Horse Show. Part 2 of 2.
Saturday	1:45	Horse	Fernanda Camargo	Kentucky 4-H Horse Program Advisory Council Meeting- Part 1 of 2	This workshop is certified leaders as well as agents, and any youth involved in the Horse Program. This will serve as the annual advisory council meeting for the 23/24 program year. We will discuss ideas and suggestions and vote on rule recommendations. Part 1 of 2.
Saturday	2:45	Horse	Fernanda Camargo	Kentucky 4-H Horse Program Advisory Council Meeting- Part 2 of 2	This workshop is certified leaders as well as agents, and any youth involved in the Horse Program. This will serve as the annual advisory council meeting for the 23/24 program year. We will discuss ideas and suggestions and vote on rule recommendations. Part 2 of 2.
Friday	9:30	Horticulture & Master Gardeners	Ashley Osborne	Junior Master Gardener Program	The Junior Master Gardener (JMG) program is an international youth gardening program for youth in grades 3rd-8th. This session will focus on the JMG Level 1 curriculum geared towards youth in the 3rd – 5th grade and will include examples of hands-on activities to do in a 4-H club setting.
Friday	10:30	Horticulture & Master Gardeners	Blake Newton	Pinnin' and Grinnin' - Insect Collections- Part 1 of 2	Attendees will learn the basics about making an insect collection, including how to pin and preserve adult insects. Part 1 of 2.
Friday	1:15	Horticulture & Master Gardeners	Blake Newton	Pinnin' and Grinnin' - Insect Collections- Part 2 of 2	Attendees will learn the basics about making an insect collection, including how to pin and preserve adult insects. Part 2 of 2.
Friday	2:15	Horticulture & Master Gardeners	Dennis Morgeson	A Rose By Any Other Name.....	Roses are the Queens of the flower world, however they have a reputation for being fussy. Landscape roses are easy and require little care. In this session we will discuss rose history, cultural requirements, and how to care for the less fussy Queens of the flower world.
Friday	3:30	Horticulture & Master Gardeners	Ellen Crocker	Mushroom Foraging 101	"Can I eat this mushroom?" Kentucky is home to many delicious wild mushrooms that are commonly foraged. But it also has mushrooms that can make you sick, from poisonous species that can kill with just a few bites to those that need certain preparation or that can cause an allergic reaction or medication interaction. This session will introduce key topics in safe mushroom foraging as a starting point for beginners and provide resources to help you continue learning in the future.
Friday	4:30	Horticulture & Master Gardeners	Jessica Bessin	Insect Quest	Insects are all around us, whether you like them or not! Insects play a major role in our lives when it comes to food production and the environment. Insect Quest is a summer day camp for youth interested in Entomology, this camp evolved into a monthly 4H club. Youth learn about insects, while at the same time preparing collections for county and state fair. Join us as we share ideas and activities for your own 4H entomology lessons.
Saturday	8:15	Horticulture & Master Gardeners	Jessica Wells	How to create a 4-H Garden and Orchard Display	The 4-H Horticulture Garden and Orchard Display, Class 574, at the Kentucky State Fair is always a fun class to look at while walking through the 4-H Horticulture Cloverville area. However, although beautiful, sometimes the exhibits do not correctly meet all of the requirements to place well in the class. In this session, we will discuss how to make a Garden and Orchard Display to grab first prize at your county and state fair!
Saturday	9:15	Horticulture & Master Gardeners	Tyler Wayland	Native Plants in the Landscape	In this workshop we will explore the increasing need for successful native plant restoration across the landscape. There will be a brief overview of commercial native seed production, and discussion on strategies and techniques for using native seeds within a landscape setting.
Saturday	10:15	Horticulture & Master Gardeners	Kara Back	Growing Tomatoes 101	Learn about different tomato varieties, light requirements for transplants, required planting space, and fertilizer requirements.
Saturday	1:45	Horticulture & Master Gardeners	Kara Back	Apple Grafting	Participants will learn how to cut scion wood, obtain rootstock, and graft the two together. They also will learn about apple tree selection and care.
Saturday	2:45	Horticulture & Master Gardeners	Tyson Gregory	The Basics of Tree Identification	Trees are the foundational components of our man-made landscapes and natural areas. For many people, identifying these keystone organisms can seem like a daunting task with no clear path to start down. From plant anatomy to helpful resources, you'll get a crash course in the basic fundamentals of tree identification and learn how easy tree identification can be. By the end of this workshop you will have the skillset to actually see the trees within the forest.
Friday	9:30	Leadership	Isaac Hilpp	4-H International Exchange program	Explore the world! Kentucky 4-H offers several options for exploring the world and its culture. There is an option for you between inbound, outbound, virtual, and at your own pace! Join us and learn about these different options and how you can help young people Explore the world.

Friday	10:30	Leadership	Catherine Webster	4-H Interstate Exchange Club	Simpson Co. 4-H participates in Interstate Exchange Trips. This club is for youth ages 13-19. The first summer Simpson Co. youth host a 4-H member from another state in their home. Throughout the week the group travels in KY/TN learning more about the state, culture, and 4-H programs. The next summer the KY youth that hosted travel and stay with the youth they hosted for a week in their home. Simpson Co. 4-H has completed nine two-year interstate exchanges. It is our longest running teen program.
Friday	1:15	Leadership	Tyrone Gentry	Integrating Cultural Awareness Through International 4-H Clubs	Gain practical hands-on ideas for integrating cultural awareness into existing leadership programs or through dedicated International 4-H Clubs.
Friday	2:15	Leadership	KY State Officers	Kentucky 4-H Officer Team workshop- Each One Reach One	Each One Reach One, is a fun filled, challenge activity-based experience where we will discover what a mentor is and how to become a mentor through active peer coaching and encouragement of each other. Participants will learn ways to teach youth effective communication and building trust, so that in return they will take what they learned and apply it within their home clubs to build mentorship relationships with their peers to increase the membership retention within Kentucky 4-H.
Friday	3:30	Leadership	Manda Clark	Virtual Exchange: Exploring the World from Home!	While coordinating exchange programs has become more difficult, youth need opportunities to develop cultural competencies, empathy, and connection arguably more than ever before. In response to these needs, this team of youth development professionals from, UK Cooperative Extension, UF/IFAS Extension, and Together for Human and the Environment initiated and delivered a six-week, summer virtual exchange program for teens in Kentucky, Florida, and Iraq. Find out how youth can get involved!
Friday	4:30	Leadership	Patrick Allen	How to Run for a 4-H State Officer position	How to help volunteers encourage 4-H members to run for a 4-H Officer position. What makes a good candidate, what a good application looks like, and how to prepare them for the slating process.
Saturday	8:15	Leadership	Lois Carter, Savannah Robin, Sandy Hedges-Livingood, Andi-Jane Robin, Finleigh Robin,	Sunshine Day at the Fair	At the 2023 Bourbon County Fair, Extension staff and volunteers partnered with the Fair Board to offer a variety of inclusive events for individuals with special needs. One was a sensory aware time when the fair was opened with limited rides and concession vendors without all the sounds and lights. There was also a livestock event, which allowed those who would have challenges showing livestock in a traditional show to show an animal. We will share how these were planned and implemented.
Saturday	9:15	Leadership	Patrick Allen	Progressive 4-H Experience	Helping volunteers understand the importance of cultivating a progressive 4-H member through high quality 4-H experiences. Sharing the opportunities for 4-H members or what events & activities there are available to 4-H members. Talking through several of these opportunities and educational experiences with the hope that they will encourage participation in their home counties.
Saturday	10:15	Leadership	Mike Meyer	Cultivating a "Growth Mindset" in 4-H Programs	Helping youth "thrive" through 4-H programs means creating a culture where setbacks or failures are seen as a learning opportunity. This workshop will focus on the importance of implementing a "growth mindset" in our 4-H programs and the impact that it can have on helping youth develop personal drive and determination to do better, even through their biggest challenges!
Saturday	1:45	Leadership	Mark Mains	Reaching New Horizons - Exploring Career Pathways through 4-H	4-H's learn their "SPARKS" through project work and activities. Our 4-H volunteers can help them reach toward new horizons by integrating an understanding of workforce and career pathways into projects and activities. In this session, volunteers will learn more about this approach and create a career pathway chart that illustrates job opportunities based on 4-H interest. This is a great way to tie everyday activities to real world outcomes!
Saturday	2:45	Leadership	Davante Hollowell	Leadership strategies	Teens learn positive leadership techniques and on how to deal with a diverse group of people.
Friday	9:30	Livestock	Candice Hollingsworth	Livestock Skillathon: Creating a Team	Learn more about the State Livestock Skillathon Contest and how to promote and encourage youth participation. We will discuss educational resources, meeting activities and contest rules.
Friday	10:30	Livestock	Nolan Pettit, Wade Raymer	Loving Livestock Club	During this presentation it is my goal along with my Co-Presenter Wade Raymer to discuss how to build a successful & truly fun Livestock club from the perspectives of 4H member, volunteer, & agent. As well as discussing different avenues that you can explore with your clubs to increase their knowledge of agriculture in general.
Friday	1:15	Livestock	Tony Rose, Staci Thrasher	Learn how 4-H Country Ham Speech Day at State Fair Works and new ham requirements	Learn how the judged score and judged the ham speeches at the State Fair. Learn how the awards are determined and how the new ham requirements will affect each county.

Friday	2:15	Livestock	Gregg Rentfrow	4-H Country Ham Project	The 4-H Country Ham project teaches 4-Hers about where their food comes from as well as about Kentucky's food heritage. Learn the basics of curing a country ham and how to monitor the project throughout the year. In addition, learn how to prepare your hams for judging and the speeches, as well as to prepare your county for the state fair.
Friday	3:30	Livestock	Larissa Tucker	4-H Dairy and Livestock Update	This workshop will cover new or emerging issues in dairy and livestock projects.
Friday	4:30	Livestock	Dana Anderson	Youth Investment Sales—4-H Livestock & 4-H Country Ham Sales	Teaching youth entrepreneurial skills is not taught in the traditional school classroom today. To equip our youth, we offered them the opportunity to sell their 4-H market livestock and country hams at Mercer County Investment in Youth Sale. Mercer County has experience with both a combined sale and two separate sales. We will discuss the structure of the Youth Investment Advisory Board and each sale committee. We have established a contract that youth participants must complete additional tasks in addition to the daily work for their project to sell their project at the sale. Over the year, youth learned the skills with their 4-H projects and improved personal communication skills, problem-solving, teamwork, and critical thinking skills. Workshop participants will leave with a greater understanding of how sales operate and the outcomes for the youth participants.
Saturday	8:15	Livestock	Heather Fehd	What's in your food? Learn about animal products that goes into our food	This lesson is a fun one to do and learn about. We will be learning about the types of animals that go into our food system and what parts of these animals go where. We will be blind folding each person and having them taste a product for example cottage cheese and they have to tell me what kind of animal it comes from. Also things like jello and potted meat.. we also discuss that Human and synthetic hair or feathers are used to bind dough for bread or pizza crust. And a few other crazy things.
Saturday	9:15	Livestock	Beth Johnson, DVM	Maintaining the Health of Your Livestock Project- Part 1 of 2	During this workshop, participants will learn how to assist with prevention of disease, proper biosecurity, obtain resources to use with teaching livestock youth proper disease prevention and certain treatments. They will also learn what is required at shows with respect to healthy animals and proper documentation. Part 1 of 2.
Saturday	10:15	Livestock	Beth Johnson, DVM	Maintaining the Health of Your Livestock Project- Part 2 of 2	During this workshop, participants will learn how to assist with prevention of disease, proper biosecurity, obtain resources to use with teaching livestock youth proper disease prevention and certain treatments. They will also learn what is required at shows with respect to healthy animals and proper documentation. Part 2 of 2.
Saturday	1:45	Livestock	Christie Jacob	Livestock Ambassadors	Want to do more with youth enrolled in livestock projects? The Parke County 4-H Livestock Ambassador program empowers teen leaders with the knowledge and skills to serve as positive role models for youth, build partnerships with adults and professionals, and advocate for the livestock industry. Ambassadors selected are 4-H members in grades 8-11 who are tasked with representing the county livestock projects at events and with potential members, parents and the general public.
Saturday	2:45	Livestock	Mike Meyer	Advanced 4-H Livestock Judging Reasons	4-H Livestock Evaluation Programs are utilized to help youth develop communication, decision-making, public speaking, organization, and teamwork skills. This workshop will focus on coaching tips and components that help senior participants transition through the most competitive years of involvement. We will look at terminology, format, delivery, and preparation resources for seniors hoping to continue livestock evaluation through college and beyond.
Saturday	8:15	Military and Partnerships	Rachel Pienta	Community Partners: The Key to 4-H Program Success	The presentation will teach skills designed to help participants develop effective partner relationships that will enhance the quality of their 4-H program. The presenters will share how partnerships have helped both 4-H programs and community organizations.
Saturday	9:15	Military and Partnerships	Kimberly A L Schrader	4-H and Military Families Go Hand In Hand	Learn the goals and objectives of the 4-H Military Partnership. Learn from other Agents and specialists the keys to success in this unique partnership from National Guard, military bases, and more.
Saturday	10:15	Military and Partnerships	Casey Mull, Jenny Jordan, Harriet Edwards	Creating Powerful Partnerships	The Department of Defense, Army, Air Force, and Navy have joined 4-H in serving military-connected youth and families for over twenty-five years. We will explore what makes a partnership successful and how you can create connections in your community that create mutually beneficial programs. Whether you're looking for a local collaboration, a statewide partnership, or to strengthen a connection, lessons learned in the 4-H Military Partnership can help build your powerful partnership.
Saturday	1:45	Military and Partnerships	Casey Mull, Jenny Jordan, Harriet Edwards	Serving Those Who Serve	Service for our clubs, communities, countries, and world is integral to 4-H club work. We create service opportunities that have a focus on our service members and their families, as well as veterans. With an understanding of military families and military culture, we explore projects that not only serve our service members and our families but help our 4-H'ers learn more about their service to our country. Participants will learn more about military culture and how to provide support.

Saturday	2:45	Military and Partnerships	Casey Mull, Jenny Jordan, Harriet Edwards	Growing Your 4-H Participation	Recruiting and retaining youth with a legacy in the 4-H program is easy. How do we market to other kids in our communities – our military-connected youth that may be transient, families that are not agrarian and still think that's all 4-H offers? How do we grow our programs with children and youth who don't naturally gravitate to our program? Participants explore ways to reach new audiences and possible barriers to participation. Be prepared for interaction and engagement as we plant our garden.
Friday	9:30	Natural Resources- Track 1	Andrea Munoz	Introduction to a Phenology Wheel	Phenology is the study of recurring life cycle stages in plants and animals and their relationships to the environment. These events, or phenophases, can be observed and recorded for us to remember. By creating a Phenology Wheel, you can record seasonal highlights. In this class, we will use collage to record the main changes of the four seasons in KY. Participants will also take home a blank wheel to continue observations on their own.
Friday	10:30	Natural Resources- Track 1	Aubrey New	Keeping it Reel at 4-H Fishing Club	At our "Keeping It Reel at Fishing Club" class you will learn how to lead and teach a successful 4-H Fishing Club. Anyone who has gone fishing, knows that fishing is so much more than just fishing. Outside of reviewing fishing basics, you will learn a variety of activities to do with your club members beyond just fishing by the water. You will also learn a variety of techniques to help your club members persevere on the days they aren't catching fish. Join us to have a "reel" good time fishing!
Friday	1:15	Natural Resources- Track 1	Rebecca Hayes, Laurie Thomas,	Forestry Judging How To	Come learn what Forestry Judging is, how to form a team, what topics are covered in the competition, and how to study. Learn from the 2023 Kentucky 4-H National Team.
Friday	2:15	Natural Resources- Track 1	Eric Comley	Forestry Projects Made Easy	Our forestry projects are a testament to the richness of diversity of our tree species and the incredible forests you find them throughout Kentucky. The Forestry projects for County and State Fairs are scientific collections and require a certain amount of detail for them to maintain uniformity and scientific integrity. Learn about our current projects and future changes to the catalog to encourage more participation. Materials will be provided to see an example of a leaf collection page.
Friday	3:30	Natural Resources- Track 1	Blake Newton	KY KEEPERS: Invasive Species Certification Program	We will learn about the new Invasive Species Certification Program, and go through some of the material from the modules.
Friday	4:30	Natural Resources- Track 1	Ashley Osborne	Kentucky 4-H Junior Master Naturalist Program	The Kentucky 4-H Junior Master Naturalist Program (JMN) is designed for youth ages 9-12 years old who are interested in nature. The JMN program includes 9 units. Each unit includes a lesson plan for the leader and Nature Challenge for the 4-H member. County 4-H programs can use the JMN units for school programs, new and/or existing clubs (such as nature, outdoor adventure, etc.), and/or individual study. Join us to learn all about the program and receive resources to take back to your community.
Saturday	8:15	Natural Resources- Track 1	Crystal and Derrick Willis	Diggin It	We will talk about the importance of soil in our lives, talk about erosion, chemical runoff, farming practices and have a demonstration on what happens if we do not choose to implement best management practices. We will also talk about starting a garden club and how to successfully meet goals of the garden club.
Saturday	9:15	Natural Resources- Track 1	Katherine Zimmerman, Ashley Os	KY 4-H NRESci Academy	Come learn with the NRESci ambassador team about the Kentucky 4-H Natural Resources and Environmental Sciences Academy. A great opportunity for middle schoolers, this academy is a three year program that teaches youth about all of Kentucky's natural resources. This workshop will be open to all ages and we will be discussing requirements for joining the Academy and completing a project similar to 4-Hers would complete in the Academy.
Saturday	10:15	Natural Resources- Track 1	Lacey Kessell	Stream Team	Participants can expect to learn how Stream Teams have been incorporated and utilized within Kentucky. Learn different activities used, how we market the program, potential partners and more importantly, what youth took from the program and tip and tricks to help keep them engaged in on of Kentucky's most important natural resources.
Saturday	1:45	Natural Resources- Track 1	Eric Comley	Growing Up WILD [Exploring Nature with Young Children] Curriculum Introduction	The Growing Up WILD curriculum is specifically designed to provide learning opportunities for Cloverbud-age 4-H members. The curriculum can be used in a variety of delivery modes and provides easy, step-by-step instructions on how to deliver each of the 27 lessons within the guide. In addition to the basic lesson format, there is also a section for vocabulary words, health, how to be helpful, math, art projects, and even music. Guides will not be provided, but examples will be on site for review.
Saturday	2:45	Natural Resources- Track 1	Sharee Rushing, Mary Beth Riley, Rhonda Jewell, Leslea Barnes, Shelley Crawford	Trash to Treasure	A Trash Sculpture Contest is a great way to display youth creativity while encouraging conversations about conservation and the environmental impacts of our everyday waste. We have seen this contest evolve from trash to treasure and have a wonderful impact on new and continued youth involvement in their county programs. It's a great way to utilize discarded items that still have life left and transform them into prize-winning exhibits.

Friday	9:30	Natural Resources- Track 2	Daniel Wilson, Wade Turner, Chad Niman, John Reinstettl	Robinson Center (RCARS) Program Offerings and Research Update	Participants will learn about the Robinson Center (RCARS) which is the East Region UK Research Farm located at Quicksand, KY. The objectives will be to learn about the various levels of programming offerings and research being done at the Robinson Center. Those categories include: Research Farm, Wood Center and Robinson Forest. The various projects available for any group to participate in throughout the state will be discussed.
Friday	10:30	Natural Resources- Track 2	Rhonda Jewell, Jeremiah Johnson, Leslea Barnes, Conner Cooper, Mary Beth Riley, Sharee Rushing	Educational Treasures Found on the Coast of Georgia!!	The coast of Georgia has a lot of educational opportunities available to youth. From Camp Jekyll, located on Jekyll Island, to Savannah, there's more to see and do than you can even imagine! Come and join us to learn about some of the opportunities that you can share with the youth in your county. It's hands-on, youth centered learning, that will be sure to be a once in a lifetime educational experience for all!
Friday	1:15	Natural Resources- Track 2	Ellen Crocker	Invasive Plants and Their Management	Invasive plants are everywhere! From our gardens to the woods, invasives can spread fast, take over, and get in the way. But there's a lot we can do to manage invasives and promote a diversity of desirable species instead. This session will focus on identifying and managing common invasive plants in Kentucky.
Friday	2:15	Natural Resources- Track 2	Stacy White	Kentucky Furbearers	In his 1893 essay "The Significance of the Frontier in American History", historian Frederick Jackson Turner famously wrote: "Stand at Cumberland Gap and watch the procession of civilization, marching single file—the buffalo following the trail to the salt springs, the Indian, the fur-trader and hunter, the cattle-raiser, the pioneer farmer—and the frontier has passed by." The Kentucky Furbearer program highlights the importance of native furbearing animals historically and ecologically.
Friday	3:30	Natural Resources- Track 2	Rebecca Hayes	Busy Bees	Learn from the Carter County 4-H Youth Development Agent, Rebecca Hayes, on how she utilizes the Bee Ambassador Program in her county to teach about pollination, secure a Kentucky 4-H Foundation Ag Mini-Grant, and install/expand an office pollinator garden.
Friday	4:30	Natural Resources- Track 2	Paula Tarry, Landyn Houchen, Jordan Crain	4-H Water Loggers Stream Team	What is a watershed and how does it affect your drinking water? Do you know what's in your stream in your backyard? This workshop will provide you with the tools to start a 4-H Stream Team Club and learn the answers to these questions. Having a 4-H Stream Team will teach the 4-H'ers the positive and negative affects you can have on your drinking water and environment. The 4-H'ers will also learn the aquatic macroinvertebrates that live in streams and learn how to identify them.
Friday	9:30	Project Judging	Mike Meyer, Eric Comley	4-H Photography: Judging Photography Projects- Part 1 of 2	Participants will gain a focus and understanding of evaluating photography projects in Kentucky 4-H. The focus will be on understanding the scoring rubric, defining judging criteria and choosing class, division, and overall champion entries. Part 1 of 2.
Friday	10:30	Project Judging	Mike Meyer, Eric Comley	4-H Photography: Judging Photography Projects- Part 2 of 2	Participants will gain a focus and understanding of evaluating photography projects in Kentucky 4-H. The focus will be on understanding the scoring rubric, defining judging criteria and choosing class, division, and overall champion entries. Part 2 of 2.
Friday	1:15	Project Judging	Torey Earle	Electricity judging for Project Days and Fairs- Part 1 of 2	In this workshop, participants will have the opportunity to participate in hands-on learning about proper and safe practices in the 4-H Electricity Project. Instruction will be provided on what to look for, how to spot correct and incorrect practices, and what the judges at the Kentucky State Fair are actually looking for. Those participating then will have the opportunity to judge actual 4-H Electric exhibits based on what they have learned. Part 1 of 2.
Friday	2:15	Project Judging	Torey Earle	Electricity judging for Project Days and Fairs- Part 2 of 2	In this workshop, participants will have the opportunity to participate in hands-on learning about proper and safe practices in the 4-H Electricity Project. Instruction will be provided on what to look for, how to spot correct and incorrect practices, and what the judges at the Kentucky State Fair are actually looking for. Those participating then will have the opportunity to judge actual 4-H Electric exhibits based on what they have learned. Part 2 of 2.
Saturday	1:45	Project Judging	Jessica Wells	Correctly Judging 4-H Horticulture Projects	Learn how to judge 4-H horticulture projects at the fair! Each year county fairs and the state fairs have great horticulture projects, but sometimes they don't place as well as the exhibitor would hope. This session will discuss how to make your project the best it can be, what the judges are looking for, and where to find resources available to gain that grand champion prize!
Saturday	2:45	Project Judging	Harlene Welch	Judging Tips for 4-H Sewing ( What makes a blue ribbon winner)	Fabric samples will be available showing correct and incorrect sewing techniques for garment construction. A judging sheet will be available for revue. Attendees will have time to ask questions on judging. There are many things to consider when judging, but I hope this session will help you toward becoming a judge.
Friday	9:30	SET	Hunter Carroll and Carissa Miske	Squishy Circuits	This workshop shows hands on learning with playdough, battery packs, circuits, and modeling clay. This shows kids about electricity and the difference between open and closed circuits.
Friday	10:30	SET	Molly Jordan	Arcs & Sparks	In this workshop we will learn all about SMAW. We will also cover fun ways of teaching youth how to weld, shop safety, and other topics regarding welding.

Friday	1:15	SET	Tina Hogue	Let's Go Places with Legos	Lego Club has sparked creativity and critical thinking skills in the youth of Monroe County. By setting specific goals for each monthly meeting, the leaders have seen tremendous growth in leadership, imagination, and communication skills. Finding partners within the community has been one key to success. Another key is community involvement in fundraising to allow youth to go outside their community. By partnering with the National Corvette Museum, the Lego club is reaching outside our area.
Friday	2:15	SET	Tyler London, Jacob Hall	Up, Up and Away- Part 1 of 2	Simple walkthroughs for how to apply drones for school and club purposes. Using coding and other elements to diversify the way we use drones. Part 1 of 2.
Friday	3:30	SET	Tyler London, Jacob Hall	Up, Up and Away- Part 2 of 2	Simple walkthroughs for how to apply drones for school and club purposes. Using coding and other elements to diversify the way we use drones. Part 2 of 2.
Friday	4:30	SET	Genaea Sarantakos	STEM Curriculum- Easier said AND done!	STEM: the buzz word! But, it doesn't have to be overwhelming. Looking to implement an after-school club? Wanting to partner with your school system but aren't sure where to begin? Do you think that STEM is way 'above your head' and out of your comfort zone? Join this course to learn easy strategies and activities to implement and reach further to meet the needs of STEM programming in your county!
Saturday	8:15	Shooting Sports	Ashley Marcum	What's New in KY 4-H Shooting Sports	Join the KY 4-H Shooting Sports State Coordinator and members of the Shooting Sports Advisory Group for programmatic updates and an open dialogue on where shooting sports is heading in the future and what you would like to see moving forward. No idea is too big as we work to make KY 4-H Shooting Sports the premier program in the country!
Saturday	9:15	Shooting Sports	Shooting Sports Ambassadors	S.T.E.M in 4-H Shooting Sports	Join the KY 4-H Shooting Sports Teen Ambassadors as they show you how easy it is to incorporate STEM into your shooting sports program with fun, easy, and interactive lessons that your club members will love!
Saturday	10:15	Shooting Sports	Darrel Sweets	Hosting a County Shooting Sports Tournament	Hosting a county shooting sports tournament is challenging and yet very rewarding! Come listen to some ideas to help make your county's tournament go smoothly and efficiently. This forum will look at ideas on format, organization, personnel, equipment, facility, costs, fund raising, advertising, and planning a county shooting sports tournament. We will share some helpful checklists, meeting ideas, and experiences to make a brand new or established tournament successful.
Saturday	1:45	Shooting Sports	Darrel Sweets	Making Shooting Sports Practices fun!	Want to make practices fun and engaging while continuing to teach safety, marksmanship, and teamwork? Learn about some great practice ideas for archery, rifle, pistol, and shotgun. Innovative drills and games to keep young shooters engaged and wanting to come to practice every time the range is open.
Saturday	2:45	Shooting Sports	Patrick Allen	4-H Shooting Sports Skillathon	This workshop will demonstrate how to set up and facilitate a skillathon type activity for shooting sports off season club meetings. This specific activity will allow youth to strategically think through scenarios that involve firearms, and bows. The scenarios will give youth a visual representation of a safe or unsafe situation and allow the leaders a way to talk through each situation. This workshop will also bring other ideas for activities that can be used for clubs in the off season.
Friday	9:30	Small Animals	GivBoylan	4-H Dog Club Activities - Fun Activities With Or Without Furry Friends	This workshop will showcase activities and games that will help make learning about dogs fun. These activities can be used with skillathon practice as well as dog training. Activities will include Musical Breeds, Kahoot! Games, Dog Bowl Jeopardy, No Pull Racing, Leave It Challenge, Hide and Seek Games and more.
Friday	10:30	Small Animals	Christy Warrington	Working Canine and how they benefit our communities	Working Canines have a huge impact on our community. There are many different types of working canines, bomb dogs, narcotic dogs, police dogs, SAR dogs, service dogs. The amount of training that goes into these dogs is amazing. And the bond these canines have with their handlers is incredible. Some breeds will do better as working canine than others: drive, manageability, socialization, built and size, all play a huge role into what these dogs are able to do.
Friday	1:15	Small Animals	Will Tucker, Carla Nash	Hopping into 4-H Rabbit Programs & Shows	Hop into a jam-packed workshop on 4-H Rabbit programs at the county and state level. Participants will learn from successful 4-H volunteers about how to manage a local rabbit program, ideas for fun and hands-on club meetings, and ways to conduct a rabbit show at county and state levels. This workshop will be fun "fur" all ages!
Friday	2:15	Small Animals	Claire Linepense	Hopping into Pet Rabbit Projects	Are you looking to "hop" into a fun animal project? Well this is the class for you! This beginner pet rabbit class is perfect for those exploring rabbits as a 4-H pet project. You will learn tips and tricks for new pet rabbit owners and discuss the pros and cons of rabbit ownership.
Friday	3:30	Small Animals	Holly Laytart	It's Showtime! : Showmanship Tips	Walk through the showmanship steps and descriptions and learn how to have a fun, stress-free showmanship contest.
Friday	4:30	Small Animals	Calyn Colston	Teaching Youth Farm Biosecurity with a Fun & Interactive Activity	Learn to teach your county youth about farm biosecurity with a fun and interactive activity using supplies that most extension programs already have. Biosecurity can always be improved on the farm, so learn how to guide your youth and their parents on better biosecurity practices for their farm AND educate them on why they are important.

Saturday	8:15	Small Animals	Melinda Smith	It's Showtime! How to Plan a Rabbit Show	Get tips and tricks from an officer of the Kentucky State Rabbit Breeders Association on how to plan and carry out a successful rabbit show, regardless of the size. Topics include how to secure venues and judges to awards to suggestions on how to offset costs.
Saturday	9:15	Small Animals	Jacqueline Jacob, Tony Pescatore	Poultry leader certification update	This is an update to the poultry-specific leadership certification requirement for volunteers.
Saturday	10:15	Small Animals	Dr. Jacqueline Jacob, Tony Pesca	Avian bowl competition and learning resources	The avian bowl contest is available to both juniors and seniors and is held the first Friday of the state fair. It is a double elimination knowledge bowl contest with information drawn from the national avian bowl manual. Every year I develop resource materials to help train youth to do well in the contest, but for the most part the materials go unused. I assume this is because the leaders are not familiar with the materials. This session will hopefully increase their awareness and usefulness.
Saturday	1:45	Small Animals	Mason Crawford	Poultry Pen of Three Competitions-Something to Squawk About at Fair Time	Searching for 4-H Animal Projects for kids with limited resources that provide a quick return on investment. Implement a Meat Bird Pen of Three Competition at your County Fair. With less than an 8 week turnaround from start to finish, make it a one day show, integrate it into your Livestock Sale of Champions or even follow with a DIY Chicken Processing Workshop. Help youth learn the responsibility animal projects afford without breaking the bank while producing wholesome locally raised meat.
Saturday	2:45	Small Animals	Mackenzie Grove-Hager, Nicole Normington, Cathrynn Hager, Chloe Hager	Something Feathered This Way Comes	Attendees will learn through active discussion, activity engagement and PowerPoint presentation how to build a 4-H Poultry Program from scratch. Learn collaborative skills and activities to increase membership and maintain engagement within the program and inclusive of the local community.
Friday	3:30	Teaching Techniques	Harriett Edwards	Icebreakers, Energizers, and Games, Oh My! Making Adult Learning Fun	My session is after lunch – how do I keep them from falling asleep? I've got complex materials to cover; is there a fun way to liven up the presentation? Icebreakers and energizers are great tools to enhance delivery and help make learning more engaging. This session is designed to create an awareness of the tools available, share best practice strategies for using these training tools, and review some basics of adult learning. Come ready to participate as we practice and have fun!
Friday	4:30	Teaching Techniques	Gretchen Gasvoda-Kelso	Putting Pizzazz in Your Meeting Toolbox.	Putting the Pizzazz in your Toolbox included twelve interactive activities, giving volunteers and youth ideas to be inclusive to all meeting attendants throughout the year. Research shows youth and adults need to know they are cared about and feel a sense of connection to others in the group. A selection of activities showcased the reinforcement of the essential elements. Activities encouraged participation at all levels from youth to adult volunteers in all roles, providing a positive learning.
Saturday	8:15	Teaching Techniques	Carrie Derossett, Racquel Nash, Melissa Reader,	FRYSC an Extension of 4-H	Explore over 45 opportunities that FRYSC and 4-H have successfully cooperated on to bring to our county. FRYSC and 4-H share many of the same youth development goals, so we have effectively partnered with FRYSC to bring these youth development programs to our elementary, middle, and high school students. We have built a great team that is working smarter, not harder!
Saturday	9:15	Teaching Techniques	Mark Mains, Isaac Hilpp	Supporting Youth With Intellectual Disabilities	The 4-H Youth Development program is proud of its approaches to supporting diverse youth in an inclusive and immersive manner. At times, this means that 4-H experiences need to be adapted to meet the needs of learners with intellectual challenges. This workshop will explore the characteristics of several common cognitive disabilities and help the participants explore ways to adapt teaching methods and experiences to meet the needs of exceptional learners.
Saturday	10:15	Teaching Techniques	Melissa Bond, Cortney Moses	Striving for Success: Navigating Cloverville 4-H Arts Guidelines	In this interactive workshop, attendees will learn the entry components and judging process for a State Fair visual arts submission. We will discuss entry categories, practice judging entries, and create a sample artist statement. This workshop recommended for anyone who wishes to increase the number of quality submissions within their county.
